

New

Thule VeloSlide Garage-mounted Bike Rack

The smartest and most user-friendly bike rack for your RV garage space - load up to 2 e-bikes.

USPs

- Carry 2 bikes up to 70kg
- Ultra-convenient and easy to use by one-handed operation
- Optimised for limited space

Specifications

1. Mounted in the garage space of the vehicle
2. Mounting rails available in two lengths - sold separately
3. Safe transportation of 2 e-bikes up to 70kg in total
4. Convenient, comfortable handling of the bikes - all done while standing outside
5. Unique and patented one-handed control
6. Slides out up to 1.5 meter
7. Slides partially into the garage for easy access to other cargo around the bike rack
8. Fits larger bikes by making optimal use of vertical space. Please ensure your RV garage is high enough for your bikes
9. Adjustable soft-touch bike holders hold your bikes in position
10. Wheel fixations with pump buckle straps to hold your bike wheels in position
11. Bike's ideal position can be optimised without tools - and even while the bike is already attached to the rack
12. Takes little space when not in use - the rack can be slid to the side or removed completely only leaving the mounting rails on the garage floor
